“We believe every student can achieve”

We are aware there always seems to be a lot of fundraisers happening at school. Please remember these are options to meet various “shopping” interest and choices.

We also have options including collecting receipts from Boston Pizza that is another way to fundraise without additional costs to your family. This year we also have connected with www.PineRiver.lovablelabels.ca as an option for family or friends of families!

On any field trip form we are adding in where the fundraising dollars are coming from to support the field trip, technology purchases or equipment purchased for students to use at recess time or in the classroom.

Kidney Clothing Information - We are still looking for a “covered trailer” to hold the items for Kidney Foundation Drive. If you have one we can use on loan, please call the school.
